Career Objective

Intend to build career with leading corporate of hi-tech environment with committed and dedicated people, which will help me to explore myself fully and realize my potential. Willing to work as a key player in challenging and creative environment.

Prefinal Profile

An Electrical **Supervisor**: Total 24 years of Experience in Maintenance Commissioning, Construction, Shut Down work and Turn Around job of Oil & Gas / Petrochemical Plant and power plant .

Fire alarm & Telecommunication, Instrument: 3 years' Experience of Construction and

Pre commissioning, Commissioning

I performed as a PTW, in Equate Petrochemical Co. Kuwait, Oman Methanol Co.

Educational Profile

Diploma Electrical

From: International Achievers Academy management studies college

HSC

DCC Technical High school Sikka.

ITI

Electrical wireman

SSC

G P High school Sikka.

Technical Proficiency, Basic Computer skills

Operating system : Windows 98, XP

Application software : MS Office. Word, Excel, power point

: UNNICS (unified construction and commissioning system)

: STO (Shutdown Turnaround outage)

SATORP (Saudi Aramco Refinery Petrochemical Co.) M/S KBR Saudi Arabian

Position: Turnaround E&I Planner

Period: March 2022 to Aug 2025 to 28 August 2025

Turnaround Planning: Based on UWL, AWR work package preparation, Documents preparation, Site visit and data collection, Coordination with Execution contractor, materials Inspection, Request raise for new materials in excel P/N and Change materials specification

QCHEMICAL COMPANY QATAR

Position: Electrical Coordinator

Period: 30 Dec 2019 to 18 March 2020

Client : Qatar chem.

Pre Turnaround Activity: materials inspection substation inside cable route, 6.6kv & HSBT panel opening point checking exiting ECS panel inside spare termination point and TB inspection drawing and cable schedule and Termination schedule review, cable laying, 6.6 kv & HSBT panel installation, internal wiring and Testing

Turnaround Activity: 6.6kv new panel and 6.6kv exiting panel coupling bus bar with new 6.6 kv panel connection, Wiring panel to panel and internal panel Termination, 6.6kv Breaker testing panel testing. HSBT to 6.6 kv function test, ECS to 6.6kv function test.

OMAN METHANOL COMPANY(MAJOR TURNAROUND)

Company: Oman Methanol company (Oman/Sohar)

Position :Electrical Supervisor

Period: 25, October 2018 to 21 march 2019(6 Month)

Pre Turnaround Activity: Preparation of MS= Method statement, ITP= Inspection Test plan, WP= work pack MCC =Mechanical completion certificate, JHA and Related formats

Turnaround Activity: Battery Discharge Test, Battery Replacement, Battery Charger and UPS PM Job, Capacitor Bank PM Job

Battery Bank PM, Dry Type and Oil Type Transformer PM, Transformer Oil filtration, Dissolved gas Analysis for

Transformer, PM of LV, MV,HV Panels, PM of LV,MV Breakers(ABB), Generator(EDG) 3.3 kv and 11 kv PM Replacements of LV & MV Motor. And Punch point rectify job

EQUATE PETROCHEMICAL CO. Aromatic Turn Around (s/d) job

Company: EQUATE Petrochemical Co. (Kuwait)

Position : Electrical & Instrumentation Supervisor

Period: 6 July 2017 to 30 Dec 2017(6 month)

Type of work: Aromatic Turn Around (s/d) job Installation of Temperature transmitter & element, (RTD&TC) Flow transmitter, pressure Transmitter, control valve, ON OFF valve Pneumatic Type cable laying Termination loop check, FTA(field Termination Assembly)card installation panel internal wiring

Electrical heat tracing Cable, JB & Thermostat installation. Glanding termination Panel & JB side job.

New lighting fitting installation and glanding termination and connecting with Existing lighting job.

Reliance Petrochemical Refinery Jamnagar J3Project

Company: Reliance petrochemical Refinery Jamnagar

Position: Electrical Engineer

Period: 13 October 2016 to 31 June 2017(10 Month)

Type of work: LOTO work, ETP (Effluent Treatment plant) Electrical commissioning job of substation motor

Simulation Test, loop test control cable, No load run test and load run test of motor

EQUATE PETROCHEMICAL PLANT KUWAIT DEBOTTEL NECK PROJECT

Company : EQUATE Petrochemical Co. (Kuwait)

Position :Electrical & Instrumentation Supervisor

Period:13 September 2015 to 27 June 2016(10month)

Client : EQUATE Petrochemical Co. (Kuwait)

Project Highlight: increases of poly Ethylene conveyer line and installation new Two silo and Isopentenanat

Expansion with Two new MRU Unit, Electrical Panel 440V ,1200 kv Generator and Motor & instrument

TT,PT,LT, Rotary valve B/F valve Control valve installation and cable laying and Gland Termination.

CAIRN INDIA ENERGY MANGALA PROCESSING TERMINAL BARMER RAJASTHAN

Company: SACH ELECTRO MECH. AGENCY Barmer Rajasthan India

Position :Electrical Engineer

Period : 16 January 2015, to 28 August 2015,(8 months)

Client : Cairn Energy Barmer Rajasthan

Type of work : Operation & Maintenance and Trouble shutting

EQUATE PETROCHEMICAL PLANT KUWAIT TURNAROUND PROJECT

Company: EQUATE Petrochemical Co. (Kuwait)
Position :Electrical & Instrumentation Supervisor
Period:1 July 2014 to 29 December 2014 (6 months)
Client: EQUATE Petrochemical Co. (Kuwait)Type of work : Turnaround Engineering & Construction and Upgrade system of E&I

RUWAI'S REFINERY EXPANSION (RRE#2) PROJECT Abu Dhabi Construction Project

Company: GS Engineering & Construction (EPC) South Korea
Position :Electrical, F&G , Telecommunication Supervisor.
Period : 10 Aug 2011 to 29 Aug 2013 (2yrs)

RUWAI'S REFINERY EXPANSION PROJECT(GREEN DIESEL)Abu Dhabi Construction Project

Company : GS Engineering & Construction (EPC) South Korea
Position : Electrical, Telecommunication, PA(Public Address system) Supervisor.
Period : January 2010 to March 2011 (1yr 3month)
Client : Takreer (Ruwais refinery expansion project) Abu Dhabi

Reliance Petrochemical Refinery Jamnagar(Maintenance work)

Agency : Hofincons Industrial service ltd India

Position : Supervisor Electrical

Period:11 June 2009 to 29 December 2009(7 month)

Motor over holing, HT,LT, Tan Delta Test, PI Test , IR Test , Bearing Replacement, record maintain hand over, and Take our, responsibility and reporting to superintendent.

South pars gas project (SPGC) Iran (Commissioning)

Company : G S E&C (EPC) South Korea
Position :Supervisor Electrical & Telecommunication(Commissioning job)
Period: 8 July 2008 to27 December 2008(6 months)
Client : SPGC IRAN (South pars gas company SPGC)

Qatar Gas -2 Qatar (Commissioning Job)

Company: Brunel Oil and gas Service Ltd
Position : Sr. Electrical Technician
Period: 10August 2007 to 20 February 2008(8 months)
Client: Qatar Gas (work in under client)

Reliance petrochemical Ltd Jamnagar (Maintenance job)

Agency : Hofincons Industrial service ltd India

Position : Sinner Electrical Technician

Period : 10 March 1999 to 20 July 2007 (8yrs,3 months)

- Assisted the Site Manager in various duties such as reviewing the electrical information and recommended changes to the clients.
- Execution of work as per the issued construction drawing and project specification.
- Follow the installation works as per client's standard and approved specifications technical drawings and as per method of statement work programs.
- Installation of Electrical device, Fire Alarm device Telecom system.
- Acute the complete grounding design and execution for the entire project.
- Installation of RGS, PVC conduit items according to the drawings.
- Installation of cable trays as per the drawings and standard provides for the entire substation and above pipe racks.
- Monitoring the Laying of LV and MV cable as per the construction drawing.
- Installation of ABB 6.6 KV Panel, HSBT Panel.(high speed bus transfer)
- Installation of field electrical equipment's (Welding receptacle outlet, convenience receptacle outlet etc.)
- Glanding and Termination of power and control cables.
- Installation of panels, LV/MV switch gears, MCC and transformers.
- Installation and termination of all lighting fixtures.
- Executed the complete heat tracing design and execution for the entire project.
- Monitoring electrical activities to assure the quality as per the international standards like NESC(NationalElectricalSafetyCode)IEEE(InstituteElectrical&.Electronics.Engineering) NEMA(National Electrical Manufacturers Association) etc...

Testing and commissioning

- Equipment grounding cable continuity and grounding rod resistance test.
- Testing and commissioning of system of both pipe line and tank Earth .
- Testing of sacrificial anode.
- Batch test of reference electrode.
- Testing of reference electrode, coupon, test and drain cable (pipe line and tank).
- Conduct insulation resistance tests for power and control cable. MV Cables Hipot test
- PANEL -Normal and Emergency lighting, Receptacle panel, Heat tracing panel bus bar IR Test.
- Lighting panel (Normal and Emergency), Receptacle panel and Heat tracing panel Energization.
- Heat tracing system cable IR, continuity test, thermostat operation function test of heat tracing system.
- Welding receptacle outlet, convenience receptacle outlet phase sequence, function test, Lighting illumination test.
- Motor winding resistance, Insulation resistance, polarization index test, surge arrestor, capacitor, space heater test.
- Testing of Motors on no load which can be called as Solo run test (includes rpm of motor, vibration and bearing temperature of the motors).
- Coordinate with third party and conduct testing and commissioning of transformers, panels, switchgear and MCC.
- Testing of transformer like Insulation Resistance test, Winding resistance test,
- Polarization Index test, Turns ratio test, and commissioning of LV, MV transformers.
- Testing and Energization of LV, MV switch gears and MCC.
- Switch gear and Motor Control Canter Bus bar torque, contact Resistance test, and IR and Hipot test.
- Current Transformer, Potential Transformer IR, RATIO and Polarity test. Circuit Breaker IR, HI pot test, timing test and trip test. Ammeter, Voltmeter testing,

Maintenance and shut Down Job

- Preparation of All kind of Electrical Equipments Repair and Testing.
- Temporary Power Supply Arrangement.
- Temporary Lighting Arrangement.
- Activity of Change Over of DC UPS & AC UPS .
- Under observation fault rectification.
- Materials and man power Arrangement.
- Priority work schedule.

Safety Tanning

- Safety Leadership Training (SLT).
- Permit to work Training-Issuer and Receiver.
- Confined Space Training-Entrants.
- Lockout/Tag out (LOTO) Procedures Training.
- Work at Height Training.
- Near miss activity checking and Reporting to Safety Department
- Electrical Safety Training
- IIF Safety Training (incident injury free)
- Willing to learn and can work under pressure with minimum supervision.
- A good team player and possesses high level of leadership quality.
- Computer literate

Personal Profile

Date of birth : 29-03-1976
Father's Name : Jagdish bhai joshi
Nationality : Indian
Languages Known : English, Hindi, Gujarati
Sex : Male
Passport No : Z 3912467
Place of Issue : Ahmadabad
Contact : 56/2 Pragati Park B/H Friends Hall OPP Atul petrol pump
Dig jam circle, Jamnagar Gujrat India
Pin : 361006
E-Mail : darpan_9725@yahoo.com , darpan972ster@gmail.com

Declaration

I hereby declare that all the above mentioned statements are true to the best of my knowledge.

Prepose Of Joining this Job

Permanently Settle with family in India
