

ANDREW MUTALE MENSO

PROFILE PROFESSIONAL

Experienced Refractory and Acid proofing Supervisor with over 15 years of Expertise in Furnace Masonry, Corrosion protection and industrial project Across Africa, Skilled in managing Teams, ensuring quality standards and driving operational efficiency in Mining and Metallurgical environments. Adept at delivering large scale Refractory installations and Acid proofing projects while maintaining strict safety and compliance standards.

PERSONAL DETAILS

Surname Menso
Full names: Andrew Mutale.
Nationality: Zambian.
NRC/ID: 281206/66/1
Gender: Male
Religion: Christian
Drivers license: C1
Location: Kitwe, Copperbelt Province, Zambia.
Hobbies: Watching Movies, Reading Health Magazines, Travelling, Drawing sketches, And going to the GYM.

WORK EXPERIENCE

- ❖ **DGC AFRICA (INTERNATIONAL), REFRACTORY/CORROSION PROTECTION - SENIOR SUPERVISOR in Various Projects & Maintenance. 2015 to date.**
- ✓ Led Refractory installations & Acid proofing in high-risk operational areas, including **Acid contact section, Loading Bays, Storage facilities & Pre-Heater.**
- ✓ Refractory installation on **PS CONVERTERS.** barrel, pouring lip Arch & Tuyere zone Installations.
- ✓ Refractory lining of **ANODE FURNACES/GOOSE-NECKS** including installation of Porous-plugs, well blocks, skimming lip Arch & Tuyere blocks.
- ✓ Refractory installations on **MATTE-SETTLING FURNACE** including matte launder repairs & Tap Blocks.
- ✓ Delivered continuous repairs & maintenance of **CASTING PLANT UNITS** such as casting spoons, intermediate ladles, fixed/long launder & intersection Y-Piece.
- ✓ Trained teams on Refractory/Acid linings, **GUNNING MACHINE** operations & maintenance.
- ✓ **ISASMELT:** Refractory installation: Including Tap Block installation, Hearth, cylinder section & kettle section.
- ✓ **DUNDEE PRECIOUS METALS TSUMEB - NAMIBIA (2021):** Refractory installations at PS CONVERTERS.
- ✓ **KANSANSHI COPPER MINES / MOPANI COPPER MINES - ZAMBIA. (2015 - 2017, 2019 & 2022):** Delivered Refractory projects on PS Converters, Anode Furnaces MSEF/ISA, Pre-Heaters & Applied Acid-resistant lining in **SCRUBBERS / DYNA-WAVE & WEIR-BOWL** system.
- ✓ **LAFARGE CEMENT PLANT - ZAMBIA (2015 & 2018)** Refractory lining in **KILNS & CYCLONES (maintenance)** conducted practical training on artisan on Gunning equipment operations.

EDUCATION

- ✓ Butondo High school:
2002-2004
- ✓ Chankwa Secondary school:
2000-2001
- ✓ Mufulira primary School:
1992-1999

TRAINING INSTITUTES

- **REFRACTORY METALLURGICAL SOLUTIONS (RMS)** (Certificate in Refractory Metallurgical for End Users)
- **SOLWEZI SCHOOL FOR CONTINUING EDUCATION.** (Certificate in Bricklaying & Masonry Level 3)
- **WORLD CLASS EDUCATION** (Certificate in information Technology)
- **KELTECH TRAINING & CONSULTANT** (Certificate in Leadership & Supervision)
- **COPPERBELT TECHENICAL SKILLS INSTITUTES** (Certificate in Bricklaying & Plastering)

WORK EXPERIENCE

- ❖ **INDUSTRIAL ACID PROOFING (IAP) Furnace Masonry (2006-2014 / 8 years International experience).**
- ✓ **DUNDEE PRECIOUS METALS - NAMIBIA & MOPANI COPPER MINES - ZAMBIA (3500 square-meters) 2013 & 2014:** Acid proofing in Final absorption towers (FAT), Inter-pass absorption tower (IPAT), Drying tower (DT), Pump-Tanks, **Scrubber/Transition piece**, Gas cleaning floors & Acid storage floors. **Role: Assistant Supervisor.**
- ✓ **CHAMBISHI METALS – ZAMBIA (2011-2012)** Acid lining in Towers, Plinths, Trenches, Sumps & Floors. **Role Assistant Supervisor / Artisan.**
- ✓ **AMBATOVY NICKEL & COBALT PLANT – MADAGASCAR (2009-2012)** Corrosion protection /Acid proofing on (**10000 Square-meters**):
 - Sulphuric Acid Towers, Combination Pump-Tanks & Concrete coatings - HR / Ucrete-UD 200, Screedings applications on Acid storage Facilities, CCD Floors & Auto-clave Floor Areas.
 - Refractory installation on: Sulphur Burners. **Role: Assistant supervisor / Artisan.**
- ✓ **TENKE FUNGURUME MINE – DRC CONGO (2008-2009)** Surface protection / Acid proofing on:
 - Sulphuric Acid Pump-Tanks, Sumps, Heat/Cold exchangers & Floors.
 - Refractory installations in: Sulphur Burners/Ducts. **Role: Artisan**
- ✓ **KONKOLA COPPER MINES, KANSANSHI COPPER MINES & MOPANI COPPER MINES (2006-2007)** Acid proofing on:
 - Refinery Tank-Houses, Acid Towers/Pump-Tanks, Gas cleaning Floors & Effluent Tank. **Role: Assistant/Artisan**
 - Gained hands on experience in Furnace masonry & Corrosion protection system.

MAJOR SMELTER PROJECTS

- ❖ MOPANI COPPER MINES Plc – ZAMBIA
- ❖ DUNDEE PRECIOUS METALS – NAMIBIA
- ❖ TENKE FUNGULUME MINE – DRC CONGO
- ❖ KANSANSHI COPPER MINES Plc - ZAMBIA
- ❖ AMBATOVY NICKEL & COBALT PLANT - MADAGASCAR

KEY- SKILLS

- **Rubber lining “Rhepanol”** applications: (ORG & ORF, 1.5mm – 2mm) on steel, Concrete Floors, Plinths Sumps & Drainages
- **Pecora mastics** applications: in vessels/Tanks as membrane for Acid brick installation.
- Corrosion protection using **Phenolic resins**, chemical/heat-resistant mortars & acid-proof **silicate cements** (resistant up to 700 degrees).
- **Fiber-glass** application: as membrane for acid brick tile installations & floor screeding.

Operations & Maintenance

- Supervises production shifts within maintenance & projects.
- Ensure proper care of facilities, equipment tools & resources.
- Repairs partitions & Fire-places, replacing defective bricks with solid durable ones.
- Skilled in shotcrete / Guniting.
- Managing Team of Artisans & coordinating safety procedures.

Quality & Safety Management

- Performs QC inspections on Acid proofing & Refractory works.
- Analyzes failures in Acid brick/Refractory & delivers solutions.
- Implements safety & quality procedures across projects.
- Tracks productivity downtime & delays to boost efficiency.

Refractory/Corrosion protection Installation Expertise

- Prepares Furnaces & layouts as per engineering drawings.
- Brick layout bonding methods, mortar & dry pack applications.
- Coordinates material preparation & execution as per technical drawing.
- Operates electrical & pneumatic Jackhammers for demolition of Refractory failures.
