Objective

To work in a reputed organization where I can contribute with my knowledge, experience and hard work to the further growth of the organization as well as my career.

Career Conspectus:

Electrical Testing and Commissioning Engineer with over **5+ years of experience** across **KSA, Qatar, and India**, specializing in **EHV/HV/MV substations up to 400 kV**.

Experienced in **fault diagnosis, preventive maintenance, and troubleshooting of utility and industrial substations**, as well as **motor and alternator fault rectification**. Demonstrated ability in handling **project execution, coordination**, and resolving complex technical challenges efficiently.

Skilled in conducting a wide range of **testing, inspections, and quality checks**, ensuring compliance with industry standards and project specifications.

Educational Qualification

Bachelor of Engineering in the field of **Electrical & Electronics Engineering** from **Francis Xavier Engineering College affiliated to Anna University Chennai** 2020, with an aggregate categorized under **First Class and 75%**.

Job Description:

1. Installation, Testing, Commissioning, and Maintenance of HV/EHV Substations, LV/MV/HV Switchgears, Motor Drives, MCCs, and Power Cables (Hi-Pot Testing). Troubleshooting of electrical machinery and operation of energy-efficient Variable Frequency Drives (VFDs), Soft Starters, and associated control systems.
2. Skilled in the Testing and Commissioning of Switchyard and Switchgear equipment, including Power Transformers, Current Transformers (CTs), Voltage Transformers (VTs), Circuit Breakers, Protection Relays like over current and earth fault protection, REF, CRP Panels, and LCC Panels.
3. Experienced in Scheme Checking of LCC Panels, Switchgear, CRP Panels, Line Feeder Protection Schemes, Busbar Protection Schemes, Control Circuits, Interlocks, and associated protection and control systems.
4. Executed tests as per approved procedures and test plans, including data collection, analysis, and preparation of test reports.
5. Perform Power system disturbance analysis and collecting events on the power system to determine their root causes and lesson learned to improve protection equipment performance.
6. Spearheaded testing, commissioning, troubleshooting, and fault rectification activities for Generators, AC Motors, DC Motors, Transformers, and other electrical equipment.
7. Conducted detailed inspections of equipment and machinery components, identified abnormalities, and prepared initial inspection reports.
8. Performed Root Cause Analysis (RCA) for Medium Voltage Motor failures and prepared detailed reports identifying the actual cause of equipment breakdowns and operational interruptions.

9. Prepared Commissioning Reports, Test Reports, Inspection Reports, RCA Reports, and Project Documentation in compliance with client specifications and international standards.
10. Ensured compliance with safety procedures, quality standards, project requirements, and client documentation throughout project execution.
11. Maintained compliance with applicable guidelines, regulations, industrial safety standards, and environmental requirements related to electrical installation, testing, and commissioning activities.
12. Managed and maintained NOSP documentation and related project documentation activities.

Projects:

- ✓ 400kV/220kV nelamangala substation, india- for Sifang automation
- ✓ 132/11kV AL Masrouhiya-1 Substation, qatar- for siemens energy
- ✓ 33kV/220kV Mesaieed solar facility substation,Qatar- for Qatar energy
- ✓ 132/11kV Luqta Substation, Qatar- for siemens energy
- ✓ 132/11kV Lusail Depot Substation, Qatar- for GE grids solutions
- ✓ Epic for New Gasoline and Jet Storage Facilities in Mesaieed Industrial City for Qatar gas
- ✓ North Field East Project Onshore LNG Facilities- for Samsung C&T, Qatar gas
- ✓ 200 MW solar power plant, Gujarat, india- for sterling and wilson
- ✓ 10 MW solar power plant, Telangana india- for Adani infrastructure
- ✓ Sifang automation india private limited factory india – for POG
- ✓ 110/33kV Pooling substation, Gurmitkal, Karnataka, india – for siemens gamsa (shutdown project)
- ✓ 110/33kV Pooling substation, Bapuram, Karnataka, india – for siemens gamsa (shutdown project)
- ✓ 110/33kV Pooling substation, Zalki, Karnataka, india – for siemens gamsa (shutdown project)
- ✓ 20MW solar power plant, Penukonda, Karnataka, india – for KA projects (shutdown project)

Work Experience:

Since Oct 2024	Shahab Shoib co. for Industrial Services, Saudi Arabia Electrical testing and service engineer Performer testing, troubleshooting and quality verification of electrical machines. Supervised technicians and coordinated workshop operations & managing job execution.
09.2023 - 09.2024	Voltech Engineers W.L.L,Qatar Testing and Commissioning Engineer Testing of all the electrical equipment and commissioning. Successfully charging & handover the electrical substation without any hazardous at on time.
02.2022 – 03.2023	Jodhani Papers Private Limited (Unit 2) Electrical Engineer Responsible for electrical operation & maintenance, troubleshooting, and ensuring smooth plant operations.

10.2020 – 01.2022 **Elegant Power Turnkey Services and Private Limited**
Testing and Commissioning Engineer

Testing of all the electrical equipment and commissioning. Successfully charging& handover the electrical substation without any hazardous at on time.

Familiar with following Test kit:

- Omicron CBC100
- CT Analyzer (Omicron)
- Time interval meter (scope& megger EGIL)
- Contact resistance meter (scope and DLRO (megger)(100A and 200A)
- Primary injection kit (ODEN)
- Transformer Winding resistance meter (scope)
- CP-TD-1 (omicron)
- Omicron CMC256 and CMC 356
- ISA TDX5000
- Micro Aquila (PD testing unit)
- Surge compensation kit (Jabbals)
- Hi-pot kit
- AC to DC converter
- DLRO (megger)
- Single phase relay kit (Sverker 780)

Skills:

- Good communication- written and oral skills
- Excellent conceptual and analytical skills
- Electrical troubleshooting, complex problem solving
- Knowledge of single line diagram
- Leadership and Clint management skills
- Electrical maintenance planning, execution, safety precautions
- Man power management

Personal details:

Nationality : Indian
Languages Known : English, Tamil, Hindi
Visa Status : Employment Visa
